These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above presents fairly, in all material respects, the financial position of Timothy Partners, Ltd. as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

TIMOTHY PARTNERS, LTD.
NOTES TO FINANCIAL STATEMENTS

December 31, 2007 and 2006

NOTE A – NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Timothy Partners, Ltd. (the Partnership) is a Florida based limited partnership. It is a registered investment advisor and broker/dealer licensed with the Securities and Exchange Commission under the Securities Exchange Act of 1934, and is a member of the National Association of Securities Dealers. In its capacity as a broker/dealer, the Partnership's activities are limited to providing fund underwriting services, non-retail distribution of fund shares, registration and supervision of fund representatives, approval of correspondence, advertising and sales literature, and other miscellaneous related broker/underwriter duties.

The Partnership was formed to establish the Timothy Plan, a mutual fund as described under the Investment Company Act of 1940. It serves as advisor and manager of the Timothy Family of Funds (the Funds). The Funds restrict their investment portfolios and actively avoid investing in companies involved in the areas of alcohol, tobacco, casino gambling, abortion, pornography, anti-family entertainment, or that actively promote non-traditional married lifestyles. The Partnership relies heavily upon increasing the market value of the Funds through new sales and performance. Revenue is generated primarily from fees and commissions derived from the value of the assets and new sales of the Funds.

Cash Equivalents

For purposes of the statement of cash flows, the Partnership considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Partnership has no cash equivalents at December 31, 2007 and 2006.

Commissions and Fees Receivable

Commissions are recorded on a trade-date basis as securities transactions occur. The Partnership considers commissions and fees receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required.

Inventory

Inventory, which consists of books, is valued at the lower of cost or market. Cost is determined on the first-in, first-out (FIFO) basis.

Property and Equipment

Property and equipment are stated at cost and are depreciated over their estimated useful lives of from three to ten years using the straight-line method. Leasehold improvements are amortized over their estimated useful lives of from fifteen to forty years using the straight-line method.

NOTE A – NATURE OR OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES,
CONTINUED

Intangibles

Intangible assets are stated at cost and amortized over their estimated useful lives of from three to twenty-five years using the straight-line method.

Reserve requirement under rule 15c3-3

The Partnership does not clear transactions or carry customer accounts and, therefore, is exempt under paragraph (k) (2) (ii) of SEC Rule 15c3-3 from the customer reserve requirements as prescribed in the said rule. Thus, the Partnership is not required to establish a segregated cash account for the exclusive benefit of customers.

Concentration of Credit Risk

The Partnership maintains its cash balances at a bank and at a mutual fund services company. Accounts at the bank are insured by the Federal Deposit Insurance Corporation up to \$100,000. At December 31, 2007 and 2006, the Company's uninsured cash balances total \$407,152 and \$278,815, respectively.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

Income or loss from the Partnership is allocated among the partners pursuant to the partnership agreement. No income tax provision is included in the financial statements since the income or loss is reported by the partners on their respective income tax returns.

NOTE G – ACQUISITION OF THE NOAH FUND, CONTINUED

2. the assumption by Timothy Plan on behalf of the Timothy Fund of all of the normal and recognized liabilities of the Noah Fund;

In consideration for the transfer of the assets, Timothy Partners, Ltd. conveyed to Polestar a non-dilutable partnership interest in Timothy Partners, Ltd. in the amount of \$93,530. At the end of three years, if former Noah Fund shareholders redeem more than 30% of their assets, Polestar's partnership interest will be decreased accordingly. INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL
REQUIRED BY SEC RULE 17A-5

Partners
Timothy Partners, Ltd.

In planning and performing our audit of the financial statements and supplemental schedule of Timothy Partners, Ltd. (the Company) for the year ended December 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

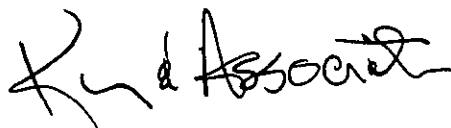

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted the following matter involving the control environment and its operation that we consider to be a material weakness as defined above. These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the financial statements of Timothy Partners, Ltd. for the year ended December 31, 2007, and this report does not affect our report thereon dated January 18, 2008. The current organizational structure is limited in size and does not provide sufficient personnel for segregation of duties as required for effective internal control. The Company uses an outside mutual fund servicing organization, thereby providing significant controls over securities and revenue related transactions.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the use of the Partners, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
